About Me

Aspiring java backend developer, problem solver, and detail-oriented eager to prove my value and help to grow the organization. I am motivated to advance and expand my skill set through targeted mentorship and challenging projects.

Project

www.expedia.co.in(Clone)-Team Project(6 Member)

Tech Stack- HTML | CSS | JavaScript

Expedia is an online travel portal. We made a clone of it to book hotels.

My responsibilities:

- Was responsible to design the hotel category page.
- Made functionality to sort hotels by price and rates.

Features:

- Sorting hotels with price or rating.
- Form validation
- Searching Hotels
- Picking Hotel Room.
- Payment

www.espnccricinfo.com(Clone)-Team Project(5 Member)

Tech Stack- HTML | CSS | JavaScript

ESPNCricinfo is a website which provides all the cricket-related information.

My responsibilities:

- Was responsible to design the index page of the website.
- Made an effect of a real match by updating scores and wickets on a set time basis and ultimately also declaring the result(mini API) and image zoom effect.

Features:

- Display Various Update on the Cricket Industry.
- Cricket Schedules.
- Live Score Update
